Dear Hiring Team,

I am writing to express my interest in the WordPress Engineer position at your esteemed company. As a dedicated developer with a strong background in WordPress, I am excited about the opportunity to contribute my skills and expertise to your team.

About Me:

- **Education:** I hold a Bachelor's degree in Computer Science from Bankura Unnayani Institute of Engineering MAKUT University.

- **Experience:** I have 1+ years of experience working as AI-ML engineering ,Deep Leraning, during which I have successfully delivered high-quality projects.

- **Skills:**

    o Proficient in front-end technologies such as CSS3 and HTML5.

    o Familiar with code versioning tools like Git, Github.

    o Skilled in Machine Learning, Deep neural network , and performance optimization.

Why I'm a Great Fit:

- **Quality Code:** I take pride in writing clean, maintainable code that adheres to best practices.

- **Attention to Detail:** My meticulous approach ensures bug-free solutions and seamless user experiences.

- **Collaboration:** I thrive in collaborative environments, communicating effectively with cross-functional teams.

Sample Projects:

- **Flower Recognition System Using AI/ML:** Developed a system for accurately identifying various flower species using artificial intelligence and machine learning techniques.

- **Arrhythmia Detection Using Deep Learning and Neural Networks:** Created a model to detect arrhythmia conditions using advanced deep learning and neural network methods.

GitHub Repository: You can explore my code samples and projects on my GitHub profile: https://github.com/dashboard

Thank you for considering my application. I look forward to discussing how my skills align with your team's goals.

Sincerely,

Anup Bera
